

BLACK IPA

Brewed with organic 2-row, organic Crystal 60 and Blackprinz, a huskless black malt that gives this beer its black color with notes of coffee and chicory without any tannic bitterness. The hop additions are many and generous, featuring Apollo, Horizon, and Simcoe, clocking the beer in at 70 IBU. Over 10 pounds per batch of Chinook hops are added directly to the fermenter yielding a resinous herbal and spicy aroma. A hybrid style for dark beer fans who love hops.
